

Application No. 10/815,846
Attorney Dckt. No. 740116-512
Page 6

REMARKS

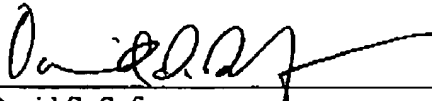

By the above actions, claims 1, 7, 15, 17, 20, 23, 27, and 29 have been amended, claims 2-6, 10-14, 16, 19, 22, 25, and 28 canceled, and new claims 32-34 added. Support for the new claims is found in paragraph [0054], so that no new matter has been added.

Applicants gratefully acknowledge the indication of allowable subject matter in regard to claims 10, 13, 15, 17, 18, 20, 21, 23, 24, 26, 27, and 29-31. Accordingly, the allowable subject matter of claim 13 and the intervening claims has been added to claim 1 to place it in condition for allowance. Claim 1 and its dependent claims are now allowable.

The Office Action made the following prior art rejections: (1) claims 1, 2, 4, 5, 11, 12, and 25 are rejected under 35 U.S.C. §102(e) as being anticipated by U.S. Patent Publication No. 2004/0257209 to Yang; (2) claims 3, 6, 7-9, 16, 19, 22, and 28 are rejected under 35 U.S.C. §103(a) as being unpatentable over Yang; and, (3) claim 14 is rejected under 35 U.S.C. §103(a) as being unpatentable over Yang in view of U.S. Patent Publication No. 2005/0054290 to Logan et al. As claim 1 and the remaining dependent claims include the subject matter of allowable claim 13, the rejections are moot.

It is respectfully submitted that all of the claims are allowable and that the application is in condition for allowance. A prompt notice to that effect is respectfully requested. Should further issues require resolution prior to allowance, the Examiner is requested to telephone the undersigned.

Respectfully submitted,

David S. Safran
